Dear Guttman Students,

We applaud your dedication to your academic goals during Spring 1 and we know that you will be successful in your Spring 2 session. We are here and ready to help.

CUNY’s Summer 2020 course offerings (including Guttman’s Spring 2 session) will be exclusively conducted via distance education format. This is to ensure the wellbeing of all students, faculty, staff, and administrators.

Guttman is prepared, now more than ever, to deliver a quality distance education experience during Spring 2:

- Faculty and staff have received in-depth training on how to effectively design and facilitate online courses and engagements.
- Each faculty member has been certified in online instruction and are eager to continue supporting you in your academic pursuits.
- If you are enrolled in a lab class, please note these courses will remain available to you through virtual lab software, our certified faculty will lead you through online experiments and interactive activities.
- **All student services will continue to be accessible online** in order to connect you with resources and support your continued academic, personal, and professional growth.

Each week you will continue to receive updates via email from the College and be able to get more information from the College at the State of the Grizz podcast live each Wednesday at 3pm.
