Hello Guttman!

We start a new era today! Good morning to all and a special welcome to Doris Cintrón and Gareth Williams.

The Coronavirus Emergency Group met at 9:00. Since this was the first meeting for Doris and Gareth with the group, we introduced ourselves and spoke a bit about our focus.

- There were no developments over the weekend.
- The Coronavirus Emergency Group will stay intact, but we’ll meet once a week moving forward. If the need arises for more frequent meetings, we’ll have them, of course!
- Anastasia and Linda are going to be busy this week writing and submitting to CUNY Central the College’s “reopening” plan.
- In lieu of these coronavirus updates, Linda will revive the Guttman Gazette real soon in order to keep the campus informed as to non-Covid related matters.

Have a good week everyone!

Best,
Linda
